Sect. 8. And be it further enacted, That the first section of the act entitled "An Act to regulate the carriage of passengers in merchant vessels," approved February twenty-second, eighteen hundred and forty seven, be so amended, that when the height or distance between the decks of the vessels referred to in the said section, shall be less than six feet, and not less than five feet, there shall be allowed to each passenger fifteen clear superficial feet, on the deck, instead of fourteen, as prescribed in said section; and if the height or distance between the decks shall be less than five feet, there shall be allowed to each passenger twenty-two clear superficial feet on the deck; and if the master of any such vessel shall take on board his vessel, in any port of the United States, a greater number of passengers than is allowed by this section, with the intent specified in said first section of the act of eighteen hundred and forty-seven, or if the master of any such vessel shall take on board at a foreign port, and bring within the jurisdiction of the United States, a greater number of passengers than is allowed by this section, said master shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished in the manner provided for the punishment of persons convicted of a violation of the act aforesaid; and in computing the number of passengers on board such vessels, all children under the age of one year, at the time of embarkation, shall be excluded from such computation.

Sect. 9. And be it further enacted, That this act shall take effect, in respect of such vessels sailing from ports in the United States, in thirty days from the time of its approval; and in respect to every such vessel sailing from ports in Europe, in sixty days after such approval; and it is hereby made the duty of the Secretary of State, to give notice, in the form annexed hereto, of this act, in such manner as he may deem proper.
